Emandoyesus Tesfaye

Full Stack Developer

emmandoyesus@gmail.com • +251 953 811 130 • em-t.vercel.app • Dessie, Ethiopia

SUMMARY

Full-stack developer and Software Engineering student at Mekelle University. I build practical, fast web applications with React, Next.js, SvelteKit, TypeScript, Node.js and Express, and I also develop mobile apps for Android and iOS. My work ranges from a real-time focus room and a movie-discovery app to a production website with an admin console for a real organization in Dessie. I care about clean interfaces and reliable code.

PROJECTS

All Nighter — 2026

all-night-er.pro.et

SvelteKit, Svelte, Tailwind CSS 4, GSAP

- Built a real-time shared focus room with synchronized music, a collaborative track queue, live presence and chat, with a normal mode and a quiet focus mode.
- Designed an archive where each night is saved as a logbook page with its tracklist, attendees and highlights, with tracklist export to CSV and YouTube.
- Added a live countdown to sunrise and a world time-zone view showing where it is night right now.

Addisalem Film Academy — 2026

addisalemfilms.com

React 19, Vite, TypeScript, Tailwind 4, Firebase, Cloudinary, EmailJS, Vercel

- Built and shipped a full website for a film training academy in Dessie: programs, awards gallery, student portfolio and online enrollment.
- Added a protected admin console (Firebase Auth, Firestore) to manage content, with images served through Cloudinary.
- Prerendered routes and SEO metadata for fast loads and clean link previews.

Axora Movies — 2025

axora-movies.vercel.app

React, Tailwind CSS, React Router, TMDB API, Vercel

- Built a web app to browse movies and series with detail pages, search and similar-title recommendations.
- Added trailers in a modal and a watchlist; deployed live on Vercel.

SKILLS

Frontend	React, Next.js, SvelteKit, TypeScript, JavaScript, Tailwind CSS, GSAP, Vite
Backend	Node.js, Express, Telegram bots
Mobile	Android and iOS app development
Databases	SQL and NoSQL databases, Firebase Firestore
Services & tools	Firebase Auth, Cloudinary, EmailJS, TMDB API, Vercel

EDUCATION

Mekelle University — 2023 – 2027

BSc. Software Engineering

CERTIFICATES

- **Programming Fundamentals** — Udacity Nanodegree · Dec 2025
- **Android Developer Fundamentals** — Udacity Nanodegree · Feb 2026

LANGUAGES

English Fluent — **Amharic** Native
